BASIC MESSAGE

Joe understands that nothing is more important than keeping our taxes low.

Joe will fight wasteful spending.

His ten years as Township Administrator taught him how to make the best use of every tax dollar.

For example, the pretty logos on (name of street/s) may look nice but they do nothing to increase police protection or bring new jobs to our community. These logos were a waste of \$300,000 in township money.

If Joe is elected this November his priorities will be better police protection, putting a stop to foolish and unneeded spending and promoting economic development in our various business districts.
