

116 30th Avenue S.  
Nashville, TN 37212

BAR1514

Paid for by Friends of Megan Barry; Leigh Walton, Treasurer.

**DON'T BELIEVE THE BULL.**

**David Fox's Wall Street way  
would crash Nashville.**

While Mayor Dean and Megan Barry have spent the last eight years helping Nashville's economy grow

# David Fox has been working against the middle class.

**A**s a Wall Street hedge fund manager, Fox's firm used Cayman Islands tax loopholes to allow wealthy investors to avoid paying their fair share of U.S. taxes.<sup>1</sup>

## **FOX WOULD BE EVEN WORSE AS MAYOR:**

- **Undoing the progress Nashville made under Mayor Dean** – Fox's anti-growth agenda has been called "fiscally irresponsible" and would "decimate" Nashville's finances.<sup>2</sup>
- **Against the middle class** - Fox even opposes a higher minimum wage for Nashville workers.<sup>3</sup>
- **An anti-public school agenda** – On the school board Fox outsourced jobs to private companies that care more about profits than students.<sup>4</sup>
