# MIKE PENCE'S DEADLY CONSEQUENCES

# MIKE PENCE'S NEGLIGENCE COULD HAVE DEADLY CONSEQUENCES FOR YOUR FAMILY... EVERY TIME YOU GET BEHIND THE WHEEL

Bridges collapsing... Motorists stuck in traffic... Multiple fatalities... Double-digit crashes on just one stretch of just one detour on I-65. Over 2,000 Indiana bridges have been declared structurally unsound.

Yet, Gov. Mike Pence has no answer, no plan to prevent further road disasters, despite sitting on \$2 BILLION in excess reserves.

**WHY? THE ANSWER IS SIMPLE.**

Governor Pence is pretending to be a fiscal conservative by postponing needed investments to create the illusion of a big surplus. And all the while, the threat to Indiana drivers and families grows.

**GOVERNOR PENCE'S POLITICAL POSTURING  
THREATENS EVERY INDIANA FAMILY**
