PRAY. ENGAGE. VOTE.

At The American Renewal Project (ARP), we believe that Christians should be fearless in expressing their faith in the public arena. It’s your right and responsibility. If Christians vote, we can guide the principles of our nation and government. With just half of regular attendees of evangelical churches registered to vote, it is clear that the beliefs of the Church are not being heard. Christians must turn out to vote to express their faith in the public arena.

We are asking Christians to pray, engage and vote.
